Keene has lost three games and has not had a victory. This has caused a drop of 64 points, from .600 to .533. Brattleboro stood at .458 last Fri-

Malcolm came into the box in the ninth inning. He had terrific speed and his drop ball was breaking perfectly. He quickly retired Parle and Gaudet on strikes and Paul was an easy out on a grounder to Guiheen.

A peculiar play was seen in the sixth inning when Snell threw to second to catch a runner. Umpire Mackey, who was behind the pitcher, ran toward sec-ond base to see the play, and the ball struck him squarely on the back of the head, bounding over 20 feet into the air. Mackey rubbed his cranium without complaining and sent the runner back to first base. Snell's fine work behind the bat pleased everybody. He threw two runners out at second base by several feet.

This feat was also twice performed before in the game by the Larks, for Ryan fielded Loud's single and caught Keefe at the plate in the fifth, and Norton was tagged at the plate in the eighth. Brattleboro Players Declare That Ball Was at Least a Foot Into Foul Territory at Northampton Saturday.

Then Sager lifted a Texas leaguer over Donnelly's head. All of the Brattleboro players assert that the ball struck foul by at least a foot, but Finn declared otherwise and all three runners ahead of Sager scored. The other decision on which Northampton was given a score in the first inning was close. Ryan came home on an infield hit when the batter was thrown out at first. Ryan slid for the base and Finn claimed that Snell did not touch the runner. Brattleboro's two scores came runner. Brattleboro's two scores came in the sixth. Grow and G. Crowther singled. Eddie Warner, late of Brown versity, who was one of Keene's pitchers last year, won his game for Pitts-burgh against Boston Friday. He held Boston to seven scattered hits and no scores, Pittsburgh's victory being by score of 2-0.

Northampton defeated the Turners Falls Athletics 1-0 at Turners Falls Sunday. The score was made on an outfield error. "Dug" Smith, the former Turners Falls high school boy who is under contract to the Boston Ameri-cans and is playing with Lowell in the New England league, struck out 17 of the visiting batsmen, getting 11 of these in the last four innings.

Mayforth left Monday to join the Northampton team. He had been discruntled some time and wanted a change, and as he has fallen off rather than improved in catching no particular effort was made to keep him. It was reported Saturday that Malcolm would leave at once to join the St. Johns team in New Brunswick, on which several iniversity of Vermont boys are playing After a conference had been held with the local directors, however, Malcoim decided to remain here.

Northampton has secured "Dug" Smith, the Turners Falls boy, to help out in the pitching department. Smith signed with the Boston Americans and was farmed out to Lowell. The latter was farmed out to Lowell. The latter club is strong on pitchers and planned to send Smith to a team in New Brunswick. Manager Luby, by communicating with the managers in Lowell and Boston, secured consent to enlist the services of Smith, and as the youngster was agreeable to the arrangement he reported at once at Northampton.

About \$2000 was realized, which will wipe out a debt of \$100 and leave a handsome surplus. An exhibition drill by a troop of the 10th United States Cavairy, colored, was the great attrac-tion. Much interest was manifested in the sporting events. In a 100-yard dash between players of the Northampton and Brattleboro ball teams there were four entries. This is the view expressed by the Northampton Gazette scribe Friday, be-bore the change in the Brattleboro line-up was announced: "To the writer it seems as if Manager Snell of Brattle-boro would do a very good thing if he went behind the bat himself and either put Mayforth on first or out in the went behind the bat himself and either put Mayforth on first or out in the field. Snell is rated as being one of the cleverest backstops among Eastern college men and he would be practically a better man for the team with the mask and mitt than the sunny haired lad at present. Stinson has a fine spit ball which he absolutely refuses to catch at all, according to reports from the Iswhich he absolutely refuses to catch at all, according to reports from the Islanders, and is holding the Maine boy back from showing his best stuff. It seems that even with the other twirlers, outside of Malcolm, Mayforth is not working them to the best advantage and if Snell should change there himself for a few games he might find this fact to be true."
